Dear Sir or Madam:

Regarding Docket Numbers: 98N-1230, 96P-0418, and 97P-0197.

FORCED MOLTING IS A CRUEL AND INHUMANE PRACTICE. The most effective and direct way to reduce SALMONELLA in eggs would be to eliminate the practice of forced molting. You must do more than put warning labels on egg cartons and regulate egg refrigeration temperatures.

As a victim of salmonella poisoning in 1988, I strongly urge you to outlaw the practice of 'forced molting' for the sake of chickens and humans alike.

Sincerely,

AnnMarie L. Miller

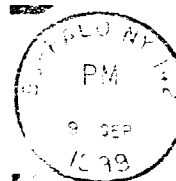

AnnMarie L. Miller
